

Teche Specialty Hospital
Price Transparency
Updated 12.2023

You have reached the federally-required section of our website that contains the charges for the services we provide within our facility. While we provide this information to comply with federal regulations, healthcare billing is complex. It is extremely important for you, as the consumer, to understand that standard charges may not be a relevant starting point for estimating what costs you may incur during an episode of care, and the amount actually paid. The charges displayed only include hospital charges and do not include charges that are billed separately by the physician or other professional fees. Furthermore, the actual amount paid by

IF YOU HAVE COMMERCIAL INSURANCE:

Contact your insurance company to understand all of the factors affecting your financial responsibility. Numerous factors, such as type of plan, co-pay, co-insurance, deductible, out-of-pocket maximums, provider network and other limitations, will affect your financial responsibility to a provider. The prices reflected on this site do not include charges for the physician or other professional fees, such as pharmacy, diagnostic imaging or lab work. The prices reflected on this site do not include any negotiated discounts between your

IF YOU HAVE MEDICARE:

Medicare has many different parts, and not everyone has the same type of Medicare coverage. Medicare will pay for many of your healthcare expenses but not all of them. Special rules apply if you have employer group health insurance coverage through your job or if you have a supplemental health insurance policy, it may cover some costs that Medicare does not. [The best way to be sure of what your Medicare plan covers is to call 1-800-MEDICARE, or visit the website](#)

IF YOU HAVE MEDICAID:

Contact your local Medicaid office at 1-888-544-7996, or visit the Louisiana Department of Health to determine all the factors affecting your financial responsibility. Generally, Medicaid recipients are not responsible for any portion of the bill.

IF YOU ARE UNINSURED:

You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, etc. Make sure your health care provider gives you a Good Faith Estimate in writing at least (3) business days before your medical service or item. You can also ask your health care provider, "If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute it." Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate,

To request a Good Faith Estimate from Teche Specialty Hospital, LLC, please email teche@techehospital.com

By clicking the links below, I understand that the actual amount paid by a patient will depend on a number of factors, including the ones mentioned above.

CHARGE MASTER:
